

# Voluntary SMS and Voice Alert Consent

## OPTIONAL • NOT REQUIRED FOR EMPLOYMENT

**Participation in this program is entirely voluntary.** It is not a condition of employment, compensation, assignment, or any service. Anyone who declines continues to receive all operational notifications by phone call and email. This form records your optional consent to also receive them by SMS.

### PURPOSE

Indevtech Incorporated operates an internal notification program that delivers operational and emergency alerts by text message (SMS) and automated voice call to employees and contractors with on-call or escalation responsibilities. There is no public opt-in and no opt-in keyword; consent is collected only on this form.

### WHAT YOU WILL RECEIVE

Critical service, infrastructure, and security alerts; escalation notices for unacknowledged incidents; on-call rotation and assignment notifications; and emergency or business-continuity notices. **This program is never used for marketing.**
